

Testing the Mobile Application – SFHS News

The app “SFHS News” is available in the Apple Store.

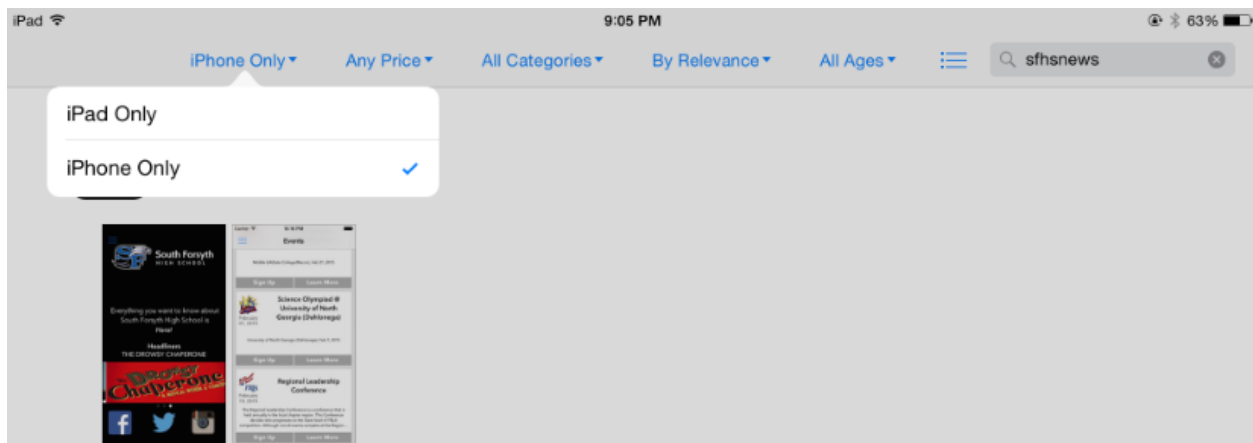

Log into the Apple Store –

Search for “sfhsnews” all one word and you should be able to see the following App

Note: If you are using an iPad you may not get any results. On the left side of the search bar, please select “iPhone Only” and search.

To test the mobile application, contents need to be inserted/updated and deleted on the website www.sfhsnews.com. To help in testing I have created 2 usernames and Passwords for the two different roles.

The first role is that of a normal user who can enter content into the website.

Important: Please use only Firefox Mozilla or a Chrome browser.

Log Into www.sfhsnews.com

User Name – Demo1

Password – Demo123
